Compatible with all **BLUETOOTH**[®] - Enabled Phones

DATASHEET

Your Space - with Active Noise Cancellation

Experience your own space filled only with your sound. Active Noise Cancellation technology creates an unprecedented sound experience, and Jabra SUPREME is the first *Bluetooth*[®] mono headset to allow you to enjoy this exceptional feature. It works by actively reducing the background noise, enhancing your listening experience during a call. Jabra SUPREME features the latest audio enhancement technology, delivering powerful sound through its 24mm speaker. With HD Voice* the sound come through clearly and naturally. Wind Noise reduction technology makes calling in windy weather conditions smooth and hassle-free. These brilliant sound features enrich every conversation.

Jabra SUPREME unites design and usability with its patented Flip-Boom arm. Simply unfold the arm to switch ON and fold to switch OFF. When not in use, it folds to pocket size for easy storing. Jabra SUPREME also delivers custom comfort for all ears, by letting you adjust the headset to achieve the best fit and placement according to your needs. It includes two interchangeable soft ear cushions, to suit every ear shape. Its bendable ear hook is easily adjustable and its on-the-ear shape sits securely in place – ensuring maximum comfort for all day usage.

This revolutionary headset includes convenient features such as Voice Guidance and Voice Control, making it effortless to benefit from hands-free conversations. Jabra SUPREME also gives you access to all your favorite media with A2DP, which streams it effortlessly to your headset. Supreme sound and supreme comfort – everything you need in one superior device.

* Phone & Network dependent

Reasons to choose the Jabra SUPREME

- Active Noise Cancellation
- enhance your listening experience
- Wind-Noise reduction technology
- reduces wind-noise from your calls
- Patented Flip-Boom arm
- easy to activate and easy to carry

Quick Start Guide

WEARING STYLE

The Jabra SUPREME is ready to be worn for right ear wearing. If you prefer left ear wearing remove the ear hook and turn it and attach it from the opposite side. The ear cushions come in two different styles to fit any ear. Furthermore you can twist the lower part of the earhook to optimize the fit and comfort.

CHARGING

Use the USB cable to connect Jabra SUPREME via a USB port or an AC charger. The battery indicator will flash green while charging. When the light goes out the charge is complete. It takes approx. 2 hours to fully charge the battery.

TURN THE JABRA SUPREME ON AND OFF

Flip the boom arm to turn on (open position) or turn off (closed position).

PAIR THE JABRA SUPREME WITH YOUR PHONE/DEVICE

1. Activate Bluetooth on your phone/device
2. Turn the Jabra SUPREME on
3. The first time you turn the Jabra SUPREME on it will automatically enter into pairing mode. The connectivity icon on the Status Display will flash with a blue light and you will be voice guided through the pairing process. If you have disabled the Voice guidance go to the Bluetooth settings menu on your phone/device and search for new Bluetooth devices. Choose Jabra SUPREME. When pairing is complete you will hear "Connected". You are now ready to start using your Jabra SUPREME.

NOTE: If asked for a passcode or key use 0000 (four zeros).

PAIR A NEW OR SECOND DEVICE

1. Ensure that the Jabra SUPREME is turned on
2. Tap the Voice Control button. You will be asked to "Say a command".
3. Say "Pair new device" and follow the instructions.
4. If this is your second device you will need to reconnect to the first device afterwards

Note: If you have disabled Voice Guidance and Control you can put Jabra SUPREME in pairing mode manually by holding the Answer/end button while flipping the boom arm to ON position. The Status Display will flash blue to indicate that you are in pairing mode.

ANSWER CALLS

Wait for Jabra SUPREME to announce the caller. Say "Answer" to accept, or "Ignore" to reject the call. Additionally, you can tap the Answer/end button to answer, or double tap to reject the call. If Jabra SUPREME is off (flipped) you can take a call by flipping open and Jabra SUPREME connects and answers the call.

MAKE CALLS

Tap the Voice Control button and you will be prompted to "Say a command". You can:

- Say "Redial" to redial the last outgoing call.
- Say "Call back" to call back the last incoming call.
- Say "Phone commands" to activate the voice dialing feature on your phone*

You can also place a call directly from your phone. If your phone is connected it will automatically transfer the call to your Jabra SUPREME. If the call does not transfer, tap the Answer/end button.
